

Gleem+ Seating

Technical Specifications

Construction & Materials

- Frame:** Exposed wood components are kiln-dried, solid European Beech hardwood and structurally engineered plywood; free of discoloration, pits, shakes, and wormholes. Joints are mortise and tenon construction with screws and glue for maximum strength and durability. Non-marring adjustable glides included with each leg.
- Seat:** High quality resilient sheet webbing fastened underneath and corner blocking ensures sturdy support; high-grade polyurethane foam 1½" in the seat and 1" thick in the back.
- Finish:** Chair frames, table legs and apron rails feature a multi-step catalyzed varnish hand-finishing process is used on all exposed chair frames. Veneer tops utilize our UVAdvantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology.
- Tables:** All tops are 3-ply balanced construction Maple veneer and feature a vertical square edge. Veneer and HPL tops are 1⅛" thick and TFL tops are 1" thick. Legs are solid Maple and apron rails are Maple veneer. Apron rails are steam bent to create a clean aesthetic.

Features

- The Gleem+ collection was designed with patient care in mind offering a generous clean out back style, optional germ and impact resistant polyurethane arm cap and additional construction components for maximum stability.
- Optional black polyurethane arm cap can withstand frequent intense cleaning for high traffic use in healthcare applications.
- Inspired by Gleem, Gleem+ yields a wall saver design preventing the chair back from hitting and marring the wall.
- The high back patient chair promotes better posture by supporting the back and neck while the easy access hip chairs features a higher seat so user do not overextend joints by sitting too low.
- All seating units offer full or clean out back style and support users up to 400lbs while Bariatric models support users up to 600lbs.
- Gleem+ Ganging and Freesanding Tables available with Veneer, TFL or HPL top surfaces.
- All units ship with non-marring adjustable glides and fully assembled.
- A broad range of upholstery, leather, and finish options for all seating units. Get inspired with all of our [Surface Materials options](#).

Certifications & Compliance

- Intertek Sustainability Certified for compliance with VOC emission concentrations
- BIFMA level® Certified for environmentally-preferable and socially-responsible office furniture
- BIFMA Compliant® Certified for meeting mechanical standards that focus on safety and durability
- TSCA Title VI (Formerly CARB) Compliance
- Contribution to U.S. Green Building Council's LEED® Program
