

Phoenix Tables

Technical Specifications

Construction & Materials

- Veneer:** Exposed surfaces feature select grade, plain sliced American Black Walnut and Cherry hardwood veneers, carefully selected and matched to assure proper balance and consistency. Our veneer features UV Advantage, an ultra-violet finish, on all exposed surfaces by utilizing roll-coat UV technology.
- Laminate:** High-Pressured Laminate (HPL) tops are made of woodgrain laminates fused to particleboard core. Each laminate offers lasting beauty, superior resistance to normal wear, and easy maintenance.
- Tops:** 1 $\frac{3}{16}$ " thick. Wood Veneer worksurfaces are 5-ply balanced construction with solid hardwood rims; HPL worksurfaces are 3-ply balanced construction with solid hardwood rims. Grain direction runs left to right, unless otherwise noted.
- Chassis:** Veneer Chassis is constructed of American Black Walnut or Cherry hardwood veneer. Chassis is securely fastened using high quality European fastening systems and heavy-duty, 16-gauge joining brackets to assure maximum strength. Units feature finished backs, unless otherwise noted. All units ship with heavy-duty, adjustable leveling glides to ensure proper leveling and compensation for uneven floors.
- Drawers:** File drawers are tested for 100lb capacity, lateral files are tested for 200lb capacity. 5-sided drawer construction for easy removal of drawer fronts. Drawer fronts are 3-ply construction, $\frac{3}{4}$ " thick with matched grain while sides, back, and front are $\frac{1}{2}$ " thick woodgrain vinyl-wrapped miter fold construction. Box and file drawers have $\frac{1}{8}$ " thick hardboard bottoms, while lateral file drawers feature $\frac{1}{4}$ " thick bottoms. Box and file drawers have full extension, progressive action slides with precision steel ball bearings. All suspensions have a limited lifetime warranty.
- Filing:** All file drawers are standard with filing systems designed to accommodate a variety of filing requirements. Legal and letter width file drawers provide legal front to back, and letter or legal side to side.
- Storage:** All hinged doors include soft close hinges. Soft close hinges reduce stress placed on the cabinet when the door is closed and offers a quiet closure.
- Locking:** Optional locking doors available on wardrobe storage units. Lock core is available in black or silver. Removable lock cylinders allow for units to be re-keyed at a later date if required. Units are shipped randomly keyed as standard. Keyed alike units available upon request at no additional charge.

Features

- Crafted in select solids and American veneers, Phoenix's clean, transitional styling is at ease in both contemporary and traditional settings. It is a perfect choice for value-minded companies who want a sophisticated, yet uncomplicated, furniture solution.
- Combining new and old in a careful balance allows Phoenix Caseloads and Phoenix Tables to achieve both functional and timeless beauty. Outfit a broad range of interiors with veneer or laminate worksurfaces, an ample selection of table sizes, coordinating storage components and accessories to fully equip a multitude of working environments
- Tops available in Circular, Rectangle and Boat shapes with multiple base options including single wood and metal bases, rectangle panel, 6" rectangle, 10" rectangle, and a combination with or without accent colors.
- Phoenix features a veneer chassis with your choice of either a veneer or HPL top.
- Effortlessly combine storage and table elements, with Phoenix Caseloads components, like credenzas, bookcases, wardrobes, and occasional tables, to complete any work environment and meeting room.
- A holistic surface materials palette, featuring veneer finishes, woodgrain laminates, and more.
- 12 Year Warranty (some exclusions may apply, see Full Warranty in Price List).
