

# Delphi Seating

## Technical Specifications

### Construction & Materials

---

- Kiln-dried, solid European Beech hardwood and structurally engineered plywood; joints are double doweled, screwed, and glued for maximum strength and durability.
- High quality resilient sheet webbing fastened underneath polyurethane foam.

### Finish

---

- Indiana Furniture uses a multi-step hand finishing process on all exposed wood frames.
- Each frame is hand sanded prior to being finished.
- Veneer pieces feature a catalyzed varnish finish which offers durability, lasting beauty and resistance to normal wear.
- All chair finishes correspond with Indiana Furniture casegood finishes to assure a uniform color appearance in over 31 finishes

### Guest Chairs

---

- Fully Upholstered Models available in sculpted and clean out back options
- Full Back model features a peek-a-boo opening on each side
- Wood Back Models available in vertical and tapered slat back options
- Square Arms with a gentle curve lend themselves to many design aesthetics

### Upholstery

---

- Seat and back poly comply with CAL 117-2013
- High grade foam is 2" thick in the seat and 1" thick in the back
- A wide variety of contemporary and traditional styles in vinyl, leather and fabrics are all pre-graded for ease of use

### Certifications

---

- Intertek Sustainability Certified for compliance with VOC emission concentrations
- BIFMA level® Certified for environmentally-preferable and socially-responsible office furniture
- BIFMA Compliant® Certified for meeting mechanical standards that focus on safety and durability
- TSCA Title VI (Formerly CARB) Compliance
- Contribution to U.S. Green Building Council's LEED Program
